IMPORTANT CAPTURE

Authors of the Monroe-Head Counterfeit Silver Certificate Are Arrested.

PLATES FOR NEW BILLS

Dies For Revenue Stamps and Large Quantities of Paper For Printing the Spurious Stuff Found in Lancaster, Pa.—Two Prominent Cigar Manufacturers Involved.

Washington, April 20.—Probably the most important capture in the history of the secret service was made in Philadelphia by Chief John E. Wilkie and his agents when they arrested Arthur Taylor and Baldwin S. Bredell, the makers of the famous counterfeit "Monroe-head" \$100 silver certificate. These arrests were followed yesterday by the capture in Lancaster, Pa., of William M. Jacobs and William L. Kendig, two prominent Camden cigar manufacturers, and James Burns, who was in Jacobs' employ.

There were also captured the original plate from which the silver certificates were printed, a new \$100 counterfeit plate and a new \$50 plate, and also three sets of plates for the printing of counterfeit revenue stamps, rolls and other paraphernalia, and about 5 tons of paper and a large amount of counterfeit stamps. The "Monroe head" plate and also the stamp plates and other materials were found in Lancaster, where the printing was done. The plates for the new \$100 note and the \$50 note were found in Philadelphia. The officials have taken possession of the factories of the cigar makers and have also attached their bank account. Taylor and Bredell, it is said, were captured while actually at work on the new plates. They are young men who were employed in Philadelphia at different times, but recently started in business for themselves. They are said to be expert engravers and never before have been under suspicion. The men will be brought before the United States commissioner and undoubtedly will be brought to trial at the earliest possible moment. They are said to have confessed that less than \$10,000 of the famous notes were put in circulation.

The silver certificate, which was first discovered a year ago last fall by an official of the treasury at Philadelphia, was probably the most dangerous counterfeit ever put in circulation, and even the experts of the government for a long time were undecided as to whether the note was genuine or counterfeit. Secretary Gage recognized the very great danger of this new note and at once called in the entire issue of many millions of dollars.

Plans were set on foot to apprehend the counterfeiters, and, acting on the advice of Assistant Secretary Vanderlip, John E. Wilkie, a newspaper man of Chicago, who was known to have done some very clever detective work, was sent for and placed in charge of the secret service bureau. He immediately laid his plans and on Feb. 1, 1898, found the clue which resulted in the capture of the counterfeiters.

COUNTERFEITER JACOBS

His Bond Placed at \$45,000 and He Went to Jail.

Lancaster, Pa., April 20.—The warrants for the arrest of W. M. Jacobs; his two bookkeepers, Henry Bradner and Simon Kleinmoller; W. L. Kendig and his foreman, James Burns; "John Doe" and "B. F. Zeicher" were sworn out by United States Commissioner Henry F. Edmunds of Philadelphia. Secret Service Agent John E. Wilkie, accompanied by a dozen secret service

WHAT TO DO WHEN SICK.
In case of weak stomach, disordered liver, impure blood, shattered nerves, bronchitis, lingering cough, or other affections which lead to consumption, Dr. Pierce's Golden Medical Discovery will ordinarily bring the trouble to deep seated and chronic, you had better write to Dr. R. V. Pierce, himself at Buffalo, N. Y., telling him about your sickness. He will give you a free advice, and if his practice has been so widespread, and has covered so many forms of disease, and if he has been so successful in curing them, he is likely to do you more good than that of a physician who charges high prices.
Dr. Pierce is also the head of the famed Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., where hundreds of invalids and afflicted persons from all over the country go for treatment by the corps of specialists who are in constant attendance. It is because of his vast practice that the doctor is so well fitted to successfully treat every form of disease. Do not feel that you are imposing upon him when you ask for free advice, because he wishes all to know that his medicines only are to be paid for—not his advice.
I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you and find great improvement in my case," writes Mr. A. F. Novotny, of New York, N. Y. (Box 147). "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now I do not cough at all, have gained eight pounds in weight, have recovered my healthy color, and my appetite is enormous. I can and will recommend your medicine to everybody who may be in need of the same, as it is a sure cure, no humbug as are most other patent medicines, and is far superior to all similar medicines."
If the head aches, the trouble is pretty sure to be constipation or biliousness. Dr. Pierce's Pleasant Pellets will cure you.

detectives, came here yesterday. Chief Wilkie first issued attachments on the Fulton National bank, the Farmers' National bank and the Northern National bank on the deposits of Jacobs in these institutions, amounting to \$25,000. Jacobs was then placed under arrest, and later all those named above with the exception of "John Doe" and "B. F. Zeicher," these latter names being undoubtedly fictitious. The accused were taken before United States Commissioner B. F. Montgomery, and waived a hearing.

United States Attorney James M. Beck of Philadelphia was present to conduct the government's case. He said the parties named in the warrants were charged with counterfeiting an internal revenue stamp for the payment of tax upon 30 cigars and a United States silver certificate of the denomination of \$100. They were also charged with having equipped a factory here for the manufacture of paper. In addition to those charges Kendig is charged with entering into a conspiracy with Taylor and Bredell, who were arrested in Philadelphia, to make and engrave plates to be used in counterfeiting. Mr. Beck asked that the bail be placed at a high figure, saying that it was the most dangerous counterfeiting scheme ever evolved in this country. The operations, he said, were unparalleled in their audacity and in the mechanical ingenuity displayed, the most expensive in the history of the government in the last 25 years. He said it was apparent that Brallier and Kleinmoller were merely tools and he asked that they be released. The commissioner fixed Jacobs' bail at \$45,000, and that of Kendig and Burns at \$25,000 each.

Kendig was released on bail last night, but Jacobs and Burns were sent to jail and taken to Philadelphia today.

EX-ASSISTANT UNITED STATES DISTRICT ATTORNEY CHARGED WITH BRIBERY.
Philadelphia, April 20.—A sensational arrest was made in this city last night in connection with the capture of the counterfeiting gang. Harvey K. Newitt, who was assistant United States district attorney in this city during the administration of President Harrison, was taken into custody by secret service men on a warrant sworn out by Chief Wilkie, charging him with bribing Detective McManus of the Philadelphia office. He was given a private hearing before United States Commissioner Edmunds and held in \$15,000 bail.

According to the story told by an officer, Kendig of Lancaster suspected early this year that he and his confederates were being watched by secret service men in Lancaster. He came to this city and engaged Newitt as a go-between to bribe officers Burns and McManus, who were working on the case. Newitt saw McManus and the latter agreed to accept the bribe. All of the meetings between Newitt and McManus were witnessed by members of Mr. Wilkie's force, and the evidence against him is said to be most positive.

It is stated here that enough counterfeit stamps were captured by the detectives in Lancaster to cover 4,040,000 cigars. As near as can be learned, about \$140,000 worth of bogus stamps have been used on cigars thus far sent out from Lancaster.

MISSOURI RIVER

Low Lands Submerged and Residents Taken Off in Boats.

Omaha, April 20.—The upper Missouri is on a tear and people along the bottoms are hustling to escape from the floods. The low lands at Fort Pierre are completely covered with water and people are paddling about in boats. The river has backed up through a bayou and washed out half a mile of North-western track, 20 miles east of Pierre. As through trains are running and passengers and mails are being transferred. At Niobrara, Neb., the bottoms are completely submerged and everybody has been taken off in boats. The water is still rising and the flood from up river is likely to make the stage here the highest known in the history of the town. The steamer, Last Chance, has been completely wrecked by the flood.

SPEAKER REED

Refuses to Talk of His Probable Resignation or His Business.

New York, April 20.—Speaker Reed was seen last night and asked if he intended tendering his resignation to the house as reported. Mr. Reed said: "I would rather not talk on that subject; in fact, I have not given the matter any consideration as yet."

The speaker declined to talk about his business transactions or intention, and was equally as reticent as to whether he would take up his residence in this city after his return from Europe, where he intends to pass the greater part of the coming summer.

PORTO RICANS

Dissatisfied With Instructions Given by the Insular Commission.

San Juan de Porto Rico, April 20.—Before leaving Porto Rico the insular commission sent a communication to Governor General Henry, requesting that no money should be given to municipalities for sewerage, waterworks or other improvements. The commission also desired him to suspend the collection of all taxes and abstain from judicial reform.

This has caused a feeling of general dissatisfaction among Porto Ricans, who say they will appeal to Washington against what they call "unjust treatment and unsatisfactory regulations."

CAUSED A SURPRISE

State Concludes Its Testimony in the Quay Conspiracy Trial.

RELIES ON GOLDSMITH'S

Interpretation of the Books and Papers of the Bank For a Conviction. Defense Claims That Quay Did Not Use or Receive Interest on State's Money—Failed to Elect a Senator.

Philadelphia, April 20.—Unexpectedly to almost every person interested, the prosecution in the trial of ex-United States Senator Quay for conspiracy closed its case late yesterday after nine days full of argument, clashes of counsel and testimony largely of an expert nature. The general expression of opinion had been that the trial would drag through many more days, and when District Attorney Rothwell announced that he had concluded, there were expressions of surprise from all parts of the courtroom. The end came just one hour before the usual hour of adjournment, and after a brief consultation among counsel for the defense and Judge Biddle, the latter adjourned court in order that Mr. Quay's lawyers might have time to consider what steps they shall take with respect to the presentation of their side.

From the evidence already presented, it is apparently evident that the commonwealth depends largely for conviction upon the testimony of its expert, Meyer Goldsmith, as to his interpretations of the accounts "in the red book" and other books of the People's bank, and upon the jury's opinion of the books, papers, letters, telegrams and checks offered in evidence. As to what extent the testimony of the defense's expert, should he be called, may offset Mr. Goldsmith's testimony remains to be seen. The contention of the defense in argument and cross-examination has been that the calculations of Mr. Goldsmith are not borne out by the books, but, on the other hand, show that Mr. Quay did not use state money nor receive interest on state deposits, and that whatever loans he received were made in the customary manner and backed by sufficient collateral. Proceedings were devoid of sensational features.

Upon the question of Mr. Quay's interest in the deposit account from May, 1896, to October, 1897, Mr. Goldsmith said: "In 1896, on June 23 the balance was \$2,561; on Nov. 27, \$2,777.66; on Nov. 28, again \$2,561; on 1897, on Jan. 7, 50 cents; on Oct. 26, \$10,000.50, and on Oct. 27, 50 cents, at which it remained until the end of the month. These are all the variations from April 30, 1896 to Oct. 31, 1897."

Director of the Mint Henry K. Boyer was questioned and, after testifying to paying interest in October, 1897, on a call loan, asked permission to make a statement in reply to the district attorney's allegations, in the course of testimony that he received interest on state money while state treasurer from May 1896 to May 1897. His request was not allowed, but the court stated all records of replies to those questions were stricken out under the court's ruling.

ONLY ONE SENATOR.

Pennsylvania Will Have but Half a Representation in Next Senate.

Harrisburg, April 20.—The great battle for United States senator has ended without an election, and, unless Governor Stone calls an extra session at which there should be an election, Pennsylvania will have only one representative in the United States senate during the next two years. After the taking of the ballot in joint convention, a motion was offered by Mr. Fow (Dem.) of Philadelphia and adopted, that a vote of thanks be tendered to the officers and that the joint convention adjourn sine die.

The legislature adjourned at noon today.

There was no change in yesterday's voting, the friends of United States Senator Quay standing by him and the anti-Quay Republicans by B. F. Jones, while the Democrats cast their vote for George A. Jenks, who has been their candidate since the deadlock began.

The senatorial contest began on Jan. 17. On that day Senator Quay received his highest vote, 112 senators and representatives casting their ballot for him. This was 13 less than the number necessary to a choice and he never came nearer an election during the more than three months of the struggle. No such bitter political contest was probably ever before waged in this country. The fight has been distinctly on Quay and anti-Quay lines and both sides had numerous representatives here at all times keeping a close watch on the members and on each other. Both sides promise that the contest for supremacy will be carried into every county in the state and waged incessantly until final supremacy is assured. The next fight will be on chairmanship of the state, after that will come the battle for the control of state convention which will nominate a candidate for state treasurer.

BURIAL OF COLONEL W. C. SMITH.

Nashville, April 20.—The remains of Colonel W. C. Smith, who died of apoplexy at the head of his regiment—the First Tennessee—in the first battle with the Filipinos before Manila, were laid to rest in Mount Olivet cemetery yesterday afternoon. The burial was conducted with military honors. Two companies of ex-confederates, in uniform and bearing arms, took part in the ceremonies over the grave of their old comrade.

ORPHANS' HOME BURNED.

Three of the inmates lose their lives. German Mennonite Institution. Berne, Ind., April 20.—The Orphans' Home here burned yesterday. A terrible panic was caused among the 57 inmates by the blaze. All were rescued with the exception of three, who were burned to death. The victims include: Katie Dibelbaker, 14 years old, of Cleveland; Mamie Braddick, 15 years old, of Chicago, and Della Taylor, 7 years old, of Linn Grove, Ills.

The fire started from a stove on the third floor and swept through the building with great intensity. Many of those on the third floor were rescued by passing them from the window to a porch on the second floor and then to the ground.

The firemen worked for several hours on the flames. The damage to the home is estimated at \$5,000. The home contained inmates from nearly all of the central states. The institution is conducted by German Mennonites.

ARMS BLOWN OFF.

Horrible Experience of a Farmer Blasting Stumps With Dynamite.
Alexandria, Ind., April 20.—Edward H. Peters, while blowing out stumps with dynamite on his farm, placed a heavy charge of dynamite under a stump and lighted the fuse. Apparently the fuse went out, and Peters approached with a lighted cornstalk to renew the spark. Just then an explosion occurred, hurling the stump and Mr. Peters 100 feet away. He was horribly mangled and is reported fatally injured. Both arms were torn off, his hip was dislocated, while pebbles and dirt were deeply imbedded in his abdomen.

COMMISSIONERS INDICTED.

Work of the Kosciusko County Grand Jury.
Warsaw, Ind., April 20.—Ex-County Commissioner Aaron Miller has been indicted for interest shown in public contracts. Other indictments have been found against ex-County Commissioner Miller and County Commissioners Heckman and Poor, the charges being misdemeanor. Ex-County Recorder Joe R. Williams has also been indicted for misdemeanor.

Judge Stephenson's Funeral.

Noblesville, Ind., April 20.—Services over the remains of the late ex-Judge R. R. Stephenson were conducted privately at his home here yesterday afternoon. Rev. Mr. Starr of the First Christian church officiating. A letter found addressed to his wife, in which he gave directions concerning his funeral, clearly indicated that the overdose of morphine was taken with suicidal intent. Despondency is the supposed cause.

Wants a New Trial.

Evansville, Ind., April 20.—Patrick Bartley, convicted of arson, has filed a motion for a new trial. The arrest and conviction of Bartley created a sensation here. Bartley owns a large mine in Warrick county. Three negroes were arrested for firing the mine. They confessed and said Bartley paid them for burning the mine. On this evidence Bartley was convicted.

Instantly Killed by a Train.

Decatur, Ind., April 20.—John Baum, a prominent citizen, was struck by a Clover Leaf train yesterday and instantly killed, while he was driving across the track. A man riding with him was uninjured.

Withdrew Their Petition.

Austin, April 20.—A memorial from citizens of Whitesboro recalling their petition against the passage of the anti-trust law has created a sensation in the house. Petitioners assert that insurance men cajoled them into signing the protest and, learning that they are at the bottom of all protests, they now pray for the passage of the bill.

Got Off Easy.

Pana, Ills., April 20.—I. N. Weaver, ex-secretary of the Citizens' Savings, Loan and Building association, charged with the embezzlement of \$18,000 of the funds of the association, has been found guilty and sentenced to four months' imprisonment and to pay all expenses of the trial and \$100 fine.

GEORGE MURDER TRIAL

1899 APRIL 1899

Testimony Showing Mrs. George's Whereabouts the Time of Tragedy.
Canton, O., April 20.—The defense in the trial of Mrs. George yesterday attempted to introduce other women into the case and to show Saxton's relations to them by proving their presence in his block and at his office. The court barred all such testimony except in regard to Mrs. Althouse, saying that Saxton's relations to other women were not competent in this defense. This, it is believed, will have a tendency to shorten the trial as it keeps out the testimony which a number of witnesses have been called to present.

Mrs. Lindeman, who had taken care of Saxton's rooms before his death, testified that Mrs. George, on the day of the shooting, was at her (Mrs. Lindeman's) house until 5:30, and had told her she expected to marry Saxton in two or three days. The state was unable to shake her testimony in any particular. Mrs. Lindeman lives over two miles from the scene of the tragedy, which the state's witnesses have testified occurred between 5:30 and 6 o'clock.

Dr. Schwartz testified that the night was so dark that he had trouble in recognizing the house to which he had been called.

BERLIN PRESS

Elated Over Recent Demonstration of German Societies in Chicago.

Berlin, April 20.—The recent demonstration upon the part of the German societies of Chicago, in condemnation of any attempt to cause trouble between the United States and Germany, has been hailed with much satisfaction here. The semi-official Post greeting "such evidence of German sentiment joyfully," expressed the belief that if proves the German emigrants, who are finding homes in the new world, are "not lost to the fatherland, but retain in their hearts a fidelity which is of more real worth than assurance of national sentiment, but which fall with need."

Spanish Garrison at Baler Eulogized.

Barcelona, April 20.—El Dia, eulogizing the Spanish garrison—consisting of a captain, two lieutenants, a doctor and 48 men—who had been defending Baler against the Filipinos, says: General Rios recently sent Captain Olmedo to order the garrison to evacuate, as Baler no longer belonged to Spain. Olmedo, after local difficulties, got within 50 metres of the house in which the Spaniards were fortified. He managed, however, to deliver his instructions, but the garrison simply continued to fire from its quarters and Captain Olmedo was compelled to return to Manila without a reply.

Wade Court of Inquiry.

Washington, April 20.—The Wade court of inquiry is engaged in going through the testimony which has accumulated as the result of the three months' investigation and in the preparation of the reports of its findings. The report will be comparatively brief, but the work of collecting the essential facts is a task of no small magnitude and will require several days' time. There is a unanimous determination on the part of the members of the court to dispose of the subject with the greatest possible dispatch and the statement is made that it is possible a finding may be reached before the end of the week.

To Buy Kentucky Coal Mines.

Knoxville, April 20.—It is officially given out that the \$25,000 promoting fund for organization expenses has been secured by the promoters of the deal to buy all coal mines of east Tennessee and southeastern Kentucky. John E. Morton of New York will go to London and, with Lloyd Thurlow, an English capitalist, secure \$4,000,000 to consummate the organization.

The make-up of the committees was approved by the club as was the appointment of C. D. Billings as permanent secretary. The pay of the secretary was fixed by the directors at \$6 a month. The secretary received \$10 a month under the old organization.

The special committee on revision of by-laws reported an amendment to section 9 making the fourth Friday

evening of each month the regular meeting time of the club.

The special committee of directors appointed to secure permanent quarters for the club reported that they had examined rooms owned by Dr. J. M. Shields, Jay C. Smith, John A. Ross and W. F. Pfaffenberger, and recommended that the room over John A. Ross' shoe store be secured. Referred to board of directors.

The bill of J. G. Nottage for \$40 for banquet furnished last Friday evening was referred to the financial committee as was that of the Seymour Opera House Co. and M. A. Barick. The two latter claims amounted to \$3.50.

Some communications from J. C. Probst & Co. furniture manufacturers of Pomroy, Ohio, and H. A. Truedy, special agent of the B. & O. S. W., were read and referred to the committee.

Adjournment at 9:30.

“GREAT BLESSING.”

Wife of a Prominent Methodist Minister so Refers to that Valuable Specific for Nervous Diseases,

Dr. Miles' Nervine.

It Cured Her.

More than half the sickness and disease in the world, comes from weak nerves, loss of vitality and nerve force. When the nervous power is depressed, then the food is imperfectly digested, assimilation is interrupted, the albumen and fibrin of the blood—become deficient in their relative proportions to the other parts of the blood—and the health suffers. It cannot be repeated too often that the nerves control every part of the body, and anything which irritates the nerve centers, weakens the life giving and life sustaining power of the whole system. Dr. Miles' Restorative Nervine is the exact remedy for that large class of feeble, thin blooded, nervous and often hysterical persons whose greatest need is a thorough rest and quiet for the tired brain and the overwrought nerves. Among the many thousands of such sufferers from a tortured nervous system was Mrs. A. V. Babbs, wife of Rev. A. V. Babbs, pastor M. E. Church, Plainville, Ill.

Mrs. Babbs, says: "For a long time I was a sufferer from nervous attacks of the most severe nature. My rest was greatly broken by sleepless nights and my health was very poor. But lately I have been taking Dr. Miles' Restorative Nervine with great benefit. Oh! what a blessing it is to me, in quieting my nervous attacks. It has given me new life and new hope for a permanent change for the better in my health."

Mrs. F. M. Dunkin, of LeRoy, Ill., sends the following: "For a year I was very poorly, and for six months I was completely prostrated and most of the time was confined to my bed by a nervous trouble the doctors called nervous spasms. I would have smothering spells, accompanied by a gripping sensation in the chest, when it seemed as if the breath would leave me. I would also have spells when it seemed as if the nerves were paralyzed. I could not sleep at night and was restless and miserable. Failing to get help from our physicians I began taking Dr. Miles' Nervine. I felt better from the first dose, and after taking six bottles I was restored to my usual good health. In the past year I have had no return of the old trouble and I feel that the relief is permanent."

If you are "played out," cannot sleep, cannot digest your food, cannot work or attend to your daily duties and have lost your courage, Dr. Miles' Nervine will show itself to be the best friend you ever had. It will enable you to forget your troubles, and will restore your health again.

Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending names and address on postal card requesting the samples and mentioning the name of this paper. Address Dr. Miles' Medical Co., Elkhart, Ind.

Will Not Recognize Orders.

The Baltimore & Ohio has adopted a new rule in connection with the pay of employees. It has been the rule for many years on the road to accept orders drawn against the pay of employees and deduct the amount from their pay. An order has been issued that, after May 1, no such orders will be recognized by the management, and persons accepting such orders will do so at their own risk.—Washington Democrat.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials.

Elks at Muncie.

The Elks first state meeting in Indiana will be held at Muncie, June 5-10. Elaborate preparations are being made for a great street carnival and the local papers predict that Muncie will have 10,000 visitors during that week.

Census Taking in China.

In China census methods are simple. They don't have much trouble to take a census there. When the time for making a count of the families and their individual members comes around, the head of each house is compelled by law to write on a slip of paper the number of individuals living with him and the name of each person. The authorities lay particular stress upon correct spelling, and there is a severe penalty attached to any misrepresentation either as to the number of persons or their names. This obviates in the beginning the wrestling with unpronounceable names, which helps to make life interesting for the American census taker, and reduces the enumeration of the population of a Chinese city to a very simple process.

Do Not Fear Sharks.

In his book on Australia, Richard Semon declares that the prevailing ideas of danger from sharks are greatly exaggerated. Individual sharks may possibly, he thinks, develop cannibal tastes, but such are exceptions, rather than man eating tigers and crocodiles. The divers and fishermen in the Torres Strait, where big sharks abound, do not show the least fear of them.

Odd Fellows Outing.

About seventy members of the local Odd Fellows lodge will attend the district meeting at Bedford tonight. They will leave here at 5:40 and return on a special train leaving Bedford about 1 o'clock. Round trip \$1.00. The number going include the team which is one of the best in the state. They will confer the second degree on some candidates. A good time is in store for all information apply to who go.

THURSDAY, APRIL 20, 1899.

POLITICAL BREVITIES.

James P. Tallaferro has been elected to the United States senate by the Florida legislature.

Congressman R. W. Mire, of Bloomington, is said to be a full-fledged candidate for the democratic nomination for governor.

The senatorial deadlock in Pennsylvania was not broken, therefore there was no election. The state will have only one senator for the time being.

Charles F. Remy, reporter of the supreme court, authorizes The Republican to say that he will be a candidate before the republican state convention for the same office.—Columbus Republican.

There comes a right well founded report from the east that Speaker Reed has received a tempting offer to enter a law firm in New York, one that would yield him \$50,000 a year and that there is a probability that he will resign his seat in congress.

Mayor Carter Harrison of Chicago has accepted an invitation to be at the democratic editorial meeting at Madison May 18 and deliver an address. Since Mayor Harrison is one of the closest friends and most trusted advisers

of Boss Croker in the middle states and that Croker is building a machine to lay Bryan low, his appearance before the democratic editors of Indiana may be looked upon as the beginning of a movement that will result in the Indiana democrats giving Bryan the shake.

A Troublesome Tramp.

A hobo has been making things lively about the little town of Seeley, near Terre Haute. He went into a church while the minister was preaching, seated himself at the organ and began to play "Rock of Ages." He had to be forcibly ejected. The next place he turned up was on the railroad, where he flagged down a freight and cut it in two twice before they could get started again.

Published the Facts.

Since the appearance of a few cases of spinal meningitis at this place, greatly exaggerated reports have gained wide circulation. The Seymour Democrat has taken special pains to publish all such reports with big scare heads, which will naturally have a tendency to keep people away from here for a few days. For one person to try to profit by another's misfortune is small indeed. We cannot help but admire the course of the REPUBLICAN in this matter; it published the facts without any "coloring" whatever.—Brownstown Banner.

Two Smallpox Cases.

The North Vernon Tribune says that there are two cases of smallpox at North Vernon—John Paterson, a colored man, and Mrs. Jeannette Curtis, a colored school teacher. They reside about a half mile west of the central part of the city. They had both been on the streets just previous to taking sick. It is not known where they were exposed to the disease. Quarantine is being enforced to prevent others from being exposed.

A number of young ladies and gentlemen spent last evening very pleasantly at the home of Mrs. Ellen Cox on East Third street. They rendered a number of musical selections which were highly appreciated. They have a standing invitation to "come again."

The Largest Carpet Department

In Southern Indiana. This is saying a good deal, but we can convince anyone of such if you will take the trouble to see our stock. We do not sell from samples, nor do we buy of jobbers or retail houses, but direct from the mills and manufacturers for spot cash, which gives us the inside figures on all kinds of floor coverings.

Low Prices

For reliable makes, new designs and colorings. We can assure you perfect satisfaction, which is all any housekeeper will ask.

Our line of mattings is imported direct from China and Japan through our agent and no other house in this part of the state can show such a large assortment.

Lace Curtains, Portieres and Window Shades. We can boast of having a large stock on hand at astonishing low prices.

Committee Appointed.

A goodly number of citizens gathered in the council chamber last evening at the call of Mayor Mills to take steps towards preparing a suitable reception for our soldier boys on their return home. The Mayor was made chairman of the meeting and L. E. Jennings, secretary. After some informal discussion a committee was appointed to arrange plans for a reception. The members of the committee are A. W. Mills, W. E. Gerrish, Sam Welch, John A. Goodale, E. A. Remy, Mrs. D. W. Wilson, Mrs. L. W. Jones, Mrs. Frank Woodmansee, Mrs. S. E. Carter and Mrs. M. F. Gerrish. This committee will meet at Dr. Gerrish's office at 7.30 o'clock tomorrow evening and begin work at once.

The latest advices from Savannah are that the boys will be home about May 2.

MARRIED.

Last evening at 8 o'clock Mr. Harry E. Williams and Miss Alpha Hoadley were united in marriage at the home of the bride's parents, Mr. and Mrs. W. E. Hoadley, on South Chestnut street, Rev. J. M. Baxter officiating. Only relatives of the bride and groom and two or three intimate friends were present. The wedding march was played by Miss Emma Wood, of Mitchell. After the ceremony and congratulations elegant refreshments were served. About 9 o'clock the Modern Moodmen Camp, of which Mr. Williams is a member, headed by the Nightingale Band marched down and gave the wedding party a delightful serenade. Mr. and Mrs. Williams left on the 9.52 train for Dayton, Ohio, where they will be the guests of Mrs. Samuel McCrady for a few days. They are expected to return Sunday or Monday. They will go to housekeeping in the near future on S. Chestnut street, in their own home, a wedding present from Mr. and Mrs. W. E. Hoadley. The groom is one of the most popular and highly respected young men of Seymour and is bookkeeper at the Gold Mine. The bride is the accomplished daughter of Mr. and Mrs. W. E. Hoadley and has a host of admiring friends. They have the hearty congratulations of all.

Popular Price in Indiana.

One dollar and \$10 dinners may be well enough in New York, but 15 cent dinners are popular in this neck of woods.—New Albany Public Press.

A consulting engineer by the name of Ray from Chicago came down Tuesday and it is given out that he will be employed to make plans for an electric light plant.

Mrs. Lin Sutherland, of Seymour, was called here by the serious illness of her niece Mrs. John Sharp, of California street, who is lying in a critical condition with consumption.—Columbus Herald.

Railroads have given notice that veterans attending the G. A. R. encampment in Philadelphia next September will not be allowed to sleep and eat in coaches during the encampment. Hotel keepers and merchants have been kicking on the custom.

"Humpty" Hunter, of the vicinity of Rockford, was picked up in front of the city office last night in a sorry state of intoxication by Marshal Thicksten and placed in jail. This morning he entered a plea of guilty before Judge Hoover and had \$9.80 assessed up against him which was stayed.

GENTS

Travelers and Home-Seekers Going Northwest to Montana and Washington.

Commencing March 15th, can have through sleeping car service from St. Louis every Wednesday, via the Burlington Route, for the entire journey through to Butte, Spokane, Seattle, Puget Sound and intermediate destinations on the Northern Pacific Railway.

The through sleepers are the "real thing," and are carried on the Burlington's Montana Express, leaving St. Louis, 8:45 p. m., Wednesday, via its Northwest Main Line, the Billings Route—the short line and the time saver to the entire Northwest.

This is the only through tourist sleeping car service from St. Louis to Montana or Washington.

The Burlington Route has also inaugurated through first class sleeping car service every day from St. Louis to Butte, Anaconda, Montana.

MARCONI'S SYSTEM

Of Telegraphy Being Experimented With at Notre Dame.

PROFESSOR GREEN'S TEST

Successfully Sends a Message Without Wires From the University to St. Mary's Academy, One Mile and a Half Away—Orphan's Home at Berne Destroyed by Fire.

Notre Dame, Ind., April 20.—Professor Green used the Marconi system yesterday afternoon and telegraphed one and one-half miles without the use of wires. This was the fifth day of his experiments, and when the sounder fixed at St. Mary's academy responded to the pressure of the key at Notre Dame, Professor Green had done as much as he expected.

As a preparation for the test Professor Green conducted an experiment over three-quarters of a mile. He placed his stations at Science hall and the noviate, and over the intervening distance the signals were transmitted without an error. He then moved the receiving station to St. Mary's academy and placed the sending instruments at the foot of the university flagstaff, to the top of this staff (which is 125 feet high) he swung a rack containing the metal sphere and connected it with his sending apparatus. One mile and a half off, on the clocktower of St. Mary's academy, was a duplicate metal sphere connected with a coherent and sounder.

An expert telegrapher pressed the key at the sending station and with the velocity of light waves the impulses reached the distant coherer. Here the little hammer clattered out its signals as clearly as if the sender were but a yard and a half instead of a mile and a half away. The waves traversed a country broken by trees and buildings, many of which were higher than the vocal wire at the receiving station.

CHEAP GAS FOR FUEL

Inventor Thinks He Has Discovered a Substitute For Natural Product.

Portland, Ind., April 20.—George Huff of this city believes that he has discovered a process for manufacturing gas for fuel and light at a small expense; in other words, a gas which will supplant the natural product when it gives out, and which can be furnished at a cost almost, if not equally, as small. Mr. Huff has invented a smoke consumer, a rotary gas engine and oil cans operated by compressed air; and it was while experimenting with the latter, he says, that he discovered the gas idea, and found that he was able to make a gas which will do all that is required by forcing air through water, and putting it through a process which requires no addition.

HIS NEW LOVE

Wealthy Indiana Man Marries the Daughter of His Divorced Wife.

Tipton, Ind., April 20.—A marriage license has been issued to Thornton McNeal, 70 years old, a prominent and wealthy citizen, and Miss Stella Warren, 19, of Greenville, O. Some time ago McNeal was divorced from his first wife, and she returned to her former home in Ohio. Mrs. McNeal had a daughter by a former marriage who lived with her here. When the divorce was granted the daughter left here with her mother. Later the daughter wrote to Mr. McNeal and wanted to come to Indiana and keep house for him. In his reply he suggested marriage, to which she assented. This romance has caused quite a sensation, owing to the prominence of the people concerned.

Pensions Granted.

Washington, April 20.—Pension have been granted to Indians as follows: Original—Francis M. Hess, National Military Home, Grant, \$6; Josiah F. Grill, deceased, Union City, \$2; Alexander McKoon, Jeffersonville, \$8; Charles W. Johnson, Thornton, \$8; Additional—David Pearson, \$6 to \$8; James J. Babcock, Silver Lake, \$6 to \$10; Henry C. Cochran, Burket, \$6 to \$8; Original Widows, \$8.—Martha F. Green, Jeffersonville, \$8.

Ohio G. A. R. Encampment.

Youngstown, O., April 20.—President McKinley has accepted an invitation to attend the state encampment of the G. A. R. to be held here the latter part of June, provided other engagements of an official character do not interfere. Senator Foraker has also signified his intention of attending, and State Commander Sample of Pennsylvania says he will be here with 1,000 veterans from Pennsylvania. Plans are in progress to make the encampment a great success.

Will Not Be Tried For Murder.

Dillsboro, Ind., April 20.—The indictment of murder against Elias Harwood for the killing of his son-in-law, John Clarke, several months ago, has been nolle. The killing was done in self-defense and under great provocation. Public sentiment demanded the discharge of the old man, who is in very poor health.

Wages Increased.

Jeffersonville, Ind., April 20.—The American Car and Foundry company has announced an increase of wages to its employees, to go into effect at once. The increase is understood to be 10 per cent. It affects 2,000 employees.

Terribly Burned.

Muncie, Ind., April 20.—Mrs. Jerusha Thomas, 76 years old, while fighting a fire in her residence was badly burned, her clothes being burned entirely off her body. Property loss was considerable.

Parsnip Complexion.

A majority of the ills afflicting people today can be traced to kidney trouble. It prevades all classes of society, in all climates, regardless of age, sex or condition.

The fallow, colorless looking people you often meet are afflicted with "kidney complexion." Their kidneys are turning to a parsnip color, so is their complexion. They may suffer from indigestion, bloating, sleeplessness, uric acid, gravel, dropsy, rheumatism, catarrh of the bladder, or irregular heart. You may depend upon it, the cause is weak, unhealthy kidneys.

Women as well as men are made miserable with kidney and bladder trouble and both need the same remedy. Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy will build up and strengthen weak and unhealthy kidneys, purify the diseased, kidney-poisoned blood, clear the complexion and soon help the sufferer to better health.

The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, such as weak kidneys, catarrh of the bladder, gravel, rheumatism and Bright's Disease, which is the worst form of kidney trouble. At druggists, fifty cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y.

When writing please mention this paper.

MEDORA.

Dr. A. M. Vezey is able to walk out once more after being confined to his bed most of the time for three months.

Over a hundred extra men are being boarded in town who are employed by the B. & O. S. W. on track. Many new boarding houses were opened to take care of them.

Dr. Cummings was here last week looking after the sanitary condition of our town. It is safe to say that he found the condition bad enough as he remarked soon after his arrival that the location and offensive condition of the feed lots in the east part of town was sufficient to cause an epidemic of typhoid fever.

Some people in this township say that competent men will not accept places on the township council. The same men said last fall you can't beat the ring. I predict that many of our best men are willing to accept places on the advisory board not for the pay they will receive but to look after the interest of the taxpayers.

Lu 1888 my wife went East and was attacked with rheumatism. She received no relief until she tried Chamberlain's Pain Balm. Since that time we have never been without it. We find it gives instant relief in cases of burns and scalds and is never failing for all rheumatic and neuralgia pains. D. C. BRANT, Santa Ynez, Cal. For sale by C. W. Milhous.

KURTZ.

Prof. Goen is clerking in C. E. Deat's store.

Chas. Hutchinson is laying off on account of ill health.

John LaFever and wife visited friends near Medora Sunday.

Z. T. Gorbett and visited the family of Jacob Green, of Goss Mill, Sunday.

Rev. John Gorbett preached an interesting sermon at Gorbett's chapel Sunday.

John W. Elkins and George H. Stockard are at work on the section here and will move to Kurtz.

Sunday school was organized at the Chapel Sunday and Joseph Tatlock was elected superintendent.

The work train is distributing new steel rails between here and Norman Station. A gang of men is at work on the Alexander hill.
